### ABOUT CHILD DEVELOPMENT INSTITUTE

Child Development Institute (CDI) is a leading children's mental health agency in the City of Toronto offering a range of services to approximately 3,500 children ages 0-12, youth ages 13-18 and their families each year. Our mission is to promote and support the healthy development of children and to strengthen the families and communities in which they live. We provide four streams of service to families in need: early intervention, family violence, healthy child development and specialized mental health services for children and youth with learning disabilities.

### POSITION SUMMARY

The Integra Program is seeking a Child and Family Clinician. The incumbent will have experience in providing evidence-informed individual, family, and group therapy to children and youth ages 8 to 18 with diagnosed learning disabilities and mental health issues in Toronto.

This position is an exceptional opportunity for an experienced child and family therapist to work collaboratively with a passionate, knowledgeable and dedicated clinical team to help children, youth and families whose mental health issues are complicated by learning disabilities.

This position is within the CUPE bargaining unit

### DUTIES & RESPONSIBILITIES

- Assessment and case formulation of children, youth and families
- Provision of evidence-informed individual and family therapy
- Provision of evidence-informed, innovative group therapy
- Case management and liaison with community organizations, including schools
- Compliance with agency and accreditation standards, including report writing, treatment planning, participation in ongoing professional development and staff meetings

## **MINIMUM QUALIFICATIONS AND SKILLS**

- A Master's or Doctoral Degree in Social Work, Psychology or a related discipline
- Registration (or eligibility for registration) with a professional college (e.g., College of Social Workers, Psychologists, Psychotherapy)
- A minimum of 5 years' clinical therapy experience working with children & adolescents, families and groups, and familiarity with associated systems (schools, community agencies)
- Training and experience in the delivery of evidence-based therapies
- Experience in the field of learning disabilities and mental health (LDMH)
- Excellent communication and teamwork skills

**COMPENSATION:** 61,751 (Per-Annum)
