### ABOUT CHILD DEVELOPMENT INSTITUTE

Child Development Institute (CDI) is a leading children's mental health agency in the City of Toronto offering a range of services to approximately 3,500 children ages 0-12, youth ages 13-18 and their families each year. Our mission is to promote and support the healthy development of children and to strengthen the families and communities in which they live. We provide four streams of service to families in need: early intervention, family violence, healthy child development and specialized mental health services for children and youth with learning disabilities.

### POSITION SUMMARY

Child Development Institute is seeking a Clinical Psychologist to enhance our capacity to provide psychological services to a range of clinical programs that serve children and youth within a multi-disciplinary framework and scientist-practitioner model. As part of a multi-disciplinary team, the successful candidate will provide psychological assessments, translate results to incorporate into treatment plans; provide case consultation to clinical teams and support professional development of clinical staff. Competencies include knowledge and experience providing assessment and consultation for young children (0-6), children/youth with externalizing behaviours, child/youth trauma and learning disabilities. An important part of this position is consulting to our school-based milieu treatment programs for children ages 4-9 and conducting assessments as required. Experience administering the ADOS (Autism Diagnostic Observation Schedule) is considered an asset.

This is a Non-Bargaining position

### DUTIES & RESPONSIBILITIES

- Accepts and works within the framework of the Institute's stated vision, mission, values and goals
- Provide psychological assessments, including administering and interpreting psychometric measures used for children/youth and the ability to produce detailed recommendations and comprehensive reports
- Provide interpretation of psychological or psychometric findings and communicate diagnoses to clients, parents, clinical staff and community professionals as required.
- Work effectively as an integral part of a multidisciplinary team to provide the psychology lens in case and program consultation.
- Knowledge and experience with evidenced-based/ evidence-informed therapeutic interventions
- Participate in case conference meetings to inform, assess and provide consultation for treatment

- Provide supervision of Psychology Interns as needed
- Participate in program evaluations and continuous quality improvement initiatives
- Present to clinical staff for professional development
- Test and protocol management and purchasing
- Participate in peer consultation with Psychology team.

#### **MINIMUM QUALIFICATIONS AND SKILLS**

- Doctoral Degree in Psychology from a recognized University and registration or eligibility for registration with the College of Psychologists of Ontario
- Minimum of three years directly related experience in a children's mental health setting
- Excellent analytical and flexible problem solving abilities
- Excellent communication skills, both written and oral
- High level of computer proficiency
- Sound knowledge of relevant legislation
- Valid Ontario driver's license and use of a vehicle

**COMPENSATION:** Salary is under review and is subject to skills, abilities and qualifications.
