

Gifts of Securities

Gifts of securities are a cost-effective opportunity to transform an asset into immediate and significant support for Child Development Institute (CDI). Donating this way allows donors an opportunity to pay no tax on the capital gains and receive a tax receipt for the fair market value of the securities.

Child Development Institute (CDI)

Child Development Institute (CDI) is a multi-service children's mental health organization providing a range of services to children and youth aged 18 and younger, and their families. CDI is

committed to responding to the unique needs of our clients through continuous process improvement, research and training. Built on a legacy of more than 100 years of helping children and families, we have an established track record of success in children's mental health, early learning and family violence. To learn more visit our website at childdevelop.ca.

As a donor to CDI you will make an immense positive difference in the life of a child and their family by:

- directly supporting the development and delivery of CDI's evidence-based mental health programs and services for children and youth and their families
- contributing to our mission to promote and support the healthy development of children
- helping strengthen the families and communities we serve
- encouraging innovation within our organization, and promoting knowledge sharing to impact even more children
- helping shape policies that affect children and families and produce positive social change

Donating Securities

A gift of appreciated securities is a worthwhile alternative to a cash gift. Flexible choices allow you to decide how you want to give, and the elimination of capital gains tax on gifts of appreciated securities provides you with a substantial tax incentive for donating stock.

The benefits of donating securities include:

Satisfaction of seeing your gift put to good use immediately

Charitable tax receipt

No capital gains tax paid

It's easy to do:

1. Talk with your financial advisor about which investments will have the most impact.
2. Contact us and let us know you have made your gift.
3. Instruct your broker to transfer your securities directly to Child Development Institute and complete our transfer form.

Sample Gift of Appreciated Securities

	Sell shares and donate cash	Donate shares directly
Current value of shares	\$50,000	\$50,000
