

POWERED BY THE MINDS AT CHILD DEVELOPMENT INSTITUTE

BRIEF BIO:

Matthew Bury is a **SNAP® Trainer-Consultant** for the SNAP Implementation team at Child Development Institute (CDI), a multi-service, accredited children's mental health organization in Toronto, Canada. The SNAP Implementation team is CDI's national and international division that specializes in research, training and dissemination activities pertaining to young children under the age of 12 in conflict with the law or experiencing high levels of behavioural difficulties. In this position, Matthew works closely with SNAP Project Leader, Monique Verpoort, and Manager of SNAP Business Development and Affiliate Relations, Nicola Slater, to support affiliate sites with the implementation of CDI's comprehensive model for high-risk children and their families through the Stop Now And Plan (SNAP) model. He also participates in training, research and dissemination of information pertaining to this target group.

Prior to joining the SNAP Implementation team in July of 2015, Matthew has had extensive experience implementing SNAP® with families involved in services through Banyan Community Services in the Greater City of Hamilton. Matthew has facilitated numerous children's and parents' groups within the agency and greater Hamilton community. In addition, Matthew has had experience within the school system and MCYS-funded residential support programs for youth. All of the above have provided him with the necessary knowledge and skills required to be an effective SNAP® trainer-consultant.

Matthew is driven to support children, youth and families in their quest to achieve their full potential. As such, he is highly motivated to support the broader SNAP Affiliate family in delivering impactful service to the members of many diverse communities. Matthew is excited to share his experience and knowledge with staff at our SNAP Affiliate sites!
